Professional Summary

AI Automation Engineer with hands-on experience designing and deploying intelligent workflows using **n8n, Make.com, Zapier, and Python**. Skilled in connecting APIs, integrating LLMs, building AI chat workflows, and developing automation systems that streamline operations across multiple industries.

Strong foundation in documentation and technical communication through past work as a technical writer for major open-source projects. Adept at transforming business requirements into scalable automations, AI agents, and workflow-driven solutions.

Core Skills

- **Automation Platforms:** n8n, Make.com, Zapier
- **AI & LLM Tools:** OpenAI, Gemini, HuggingFace, LangChain
- **Voice AI:** VAPI, Retell AI, Termii, African Voice Talking
- **Backend Development:** Python, FastAPI
- **Integrations:** REST APIs, OAuth, Webhooks, JSON, Google Workspace, CRM tools
- **Data & AI Workflows:** Classification agents, sentiment analysis, RAG pipelines
- **Other Tools:** Git, Postman, YouTube automation, Cloud functions, Documentation writing
- **Soft Skills:** Communication, Content Strategy, Mentorship, Community Building

PROFESSIONAL EXPERIENCE

Freelance AI Automation Engineer

2025 – Present

Designed, developed, and deployed AI-powered automations for clients across e-commerce, talent recruitment, and ministry operations.

Key Projects (Paid):

- **Automated Soul-Winning Campaign (Church Evangelist)**

Built an AI assistant workflow that automates follow-ups, tracks data, and enhances outreach engagement.

- **Automated Client Onboarding System (Hiring Agency)**

Developed an LLM-powered onboarding process using automation tools and custom triggers for candidate evaluation.

- **[AI Voice Agent for E-Commerce Store](#)**

Created an intelligent voice assistant with LLM integration for order processing, FAQs, and customer interactions. Youtube demo attached.

PERSONAL & TECHNICAL PROJECTS

- [Client Onboarding System – Make.com](#)
- [Resume Bot Analyzer – n8n](#)
- [Form Contract Generator – n8n](#)
- [X Content Generator – n8n](#)
- [Pharma Compliance Agent – n8n](#)
- [Client Analyzer – n8n](#)
- [Feedback Categorizer – n8n](#)
- [Automated Crypto Watch – Make.com](#)
- [Social Media Sentiment Analyzer – n8n](#)

- [Data Cleaning AI Agent – n8n](#)
